## Report of the Superintendent of Schools

To the Superintending School Committee and  
Citizens of Union:

For the sixth year the new school building is being enjoyed daily and is indeed appreciated by every pupil.

During the year there has been but one change in the elementary teachers and one in High School. Miss Esancy, who has taught at Stone school the past two years, resigned at the close of the year and secured a position in a larger grade school. Mrs. Georgie Mills of North Union, who has previously taught at this school, was secured for the position. Miss White, who last year taught English and French at the High School, secured another position during the summer and her position has been filled by Miss Electa Corson of Hodgdon, a Bates College graduate.

Except at Stone school where Mrs. Mills transported instead of her father, Mr. Ripley, there has been no change in transportation. Mr. Abbott has continued to transport Nye and Round Pond pupils; Mrs. Gould, from East Union and South Union; and Mr. Hawes, from Hawes district. The services and busses of those who transport are very satisfactory.

The teaching of music in the schools at the new building has for the fifth year been made possible by the **Woman's Club**. Mrs. Hughs, who has been music supervisor for the past two years, resigned at the close of the year. Her work has been successfully carried on by Mrs. Ruth Sanborn an unusual instructor and accomplished musician.

For the fourth year John Leach has been janitor

at the building and his care and interest is known and appreciated.

Mrs. Carleton has for the third year continued to very satisfactorily carry on the lunch room.

High school has for the seventh year been under the able direction of Principal Thomas whose unusual services are appreciated by every student and parent. We were most fortunate to secure the efficient services of Miss Corson and to have Miss Merrifield remain another year.

Unusual interest has been shown in the teachers' meetings which were held during the fall term. The first was held September 10 when the High School teachers of both towns met and decided to study during the year "The Functions of Secondary Education" a recent publication of the National Education Association. September 17 the Elementary teachers met and it was decided that each teacher would read a professional book and give a report at a later meeting which was held December 3 and a most interesting and helpful meeting it was. October 2 all teachers of both towns met at the Union school building with State High School Inspector Lyseth and Superintendent DeCosta of Strong as speakers. Mr. Lyseth gave an address on personality and then held a conference with the High School teachers. Mr. DeCosta gave an illustrated address on drawing to all teachers and talked to the elementary teachers on penmanship. With the exception of the October meeting all meetings were held at the home of the superintendent.

A donor who did not wish his name to be known authorized the remarkable announcement on January 27 that scholarships amounting to \$12,000.00 would be available to at least two students of each

(Page 72)

of the classes of 1938, 1939 and 1940 to continue their education for four years at some school or college of their choice. That such great good fortune should come to the school seems almost like a dream.

\$103.56 was given to the High School this year from the John E. Knowlton Legacy and tablet arm-chairs were bought for Miss Corson's room.

The gymnasium floor which had shown weak places during the year grew rapidly worse in the summer and became so bad that it had to be relaid during the Christmas vacation. The High School boys showed the finest spirit by removing all nails from the maple flooring and cleaning out the old covering floor and screeds. The total expense of relaying the floor, which was done on especially treated screeds, was \$429.07. Altho it was expected that the school building would have to be given one coat of paint this year, it was decided that it would be economy to put on two coats, the expense of which was \$351.44. Both of these expenses coming this year caused the unusual overdraft in the repairs account.

In closing this report I wish to express to the Members of the School Committe my sincere gratitude for their unusual interest in the school problems that they are often asked to consider; also to express my appreciation to citizens, parents and teachers who have helped to make the schools the success that they have been.

Respectfully submitted,

FRANK D. ROWE,

Superintendent of Schools.

## **Report of the Principal of Union High School**

To the Superintendent, School Board and  
Citizens of Union:

Union High School opened on September 6th with an enrollment by classes as follows: Seniors, boys 7, girls 12; Juniors, boys 9, girls 9; Sophomores, boys 8, girls 7; Freshmen, boys 11, girls 10; making the total enrollment 73.

The scholarships, that have recently been granted to the High School by a friend, have stimulated much interest. On behalf of the student body and faculty I wish to extend to the donor our appreciation. It is our earnest hope that during the next few years the donor will feel fully repaid by the interest of the students and the benefit derived by the recipients of the awards.

Last June, Union High School received, as a gift, a beautiful oil painting, which now hangs in the assembly room. It was presented by Mrs. Fannie Tolman Fogler, class of 1890. The title of the painting is "Montana Morning" and was painted by Mrs. Fogler's daughter, Doris Fogler.

Our school library has been greatly increased during the past two years with reference books, readings in social studies and literature. In addition to these we have the following current magazines: The Readers' Digest, Scholastic, Newsweek, World Horizons and Journal of Education.

As extra curricula activities we are doing the usual work in dramatics and athletics.

To all school officials I wish to express my appreciation for their fine cooperation throughout the year.

Respectfully submitted,

W. P. THOMAS, Principal.
